

**LIGHTING
THE WAY AHEAD**

**ANNUAL REPORT
2015-16**

From the Chairman's Desk

Dear Shareholders,

Warm Greetings...!!!

We are pleased to inform you that your Company has established itself as a leading player in the LED-based Lighting & Luminaires, world-class Fans, Wires & Cables, Lithium Ion Batteries and other electrical items.

With 58 years of rich legacy, the Group is committed towards making the best quality products at affordable prices through technological innovation, modernization, adoption of best practices and global bench marking. Besides ensuring human and environmental safety, EON is deeply committed to provide customer delight and satisfaction. The Company is guided by the vision to become premium brand in LED lighting and create value for its stakeholders.

In line with the Government's vision to promote energy efficiency in lighting, EON is committed to supply energy-efficient electrical products across the country. Through its focus on new generation cutting-edge technology, EON is playing an active role in conserving power for the energy-starved nation. Being a growth driven Company, EON continues to focus on increasing its market share and at the same time optimizing the costs to evolve into an organization which all stakeholders can increasingly be proud of.

Major achievements that have led EON to the path breaking success have been through the effective introduction of innovative LED Lighting initiatives, such as:

Leading Street Lighting Player- Given the NDA Government's thrust on energy efficiency, energy savings and its 'Make in India' programme, the manufacture, supply and installation of streetlights was identified as the key area where the use of LED streetlights can immediately lower power consumption for the Nation. EON is closely working with Energy Efficiency Services Limited (EESL) – a public sector undertaking that has been tasked by the Ministry of Power, Government of India to execute energy-efficiency projects. This mandate includes replacing power guzzling sodium/mercury vapour and other conventional lighting systems with state-of-the-art LED lighting systems. The project is by far one of the biggest LED street-lighting projects in the world.

The Company has successfully installed LED streetlights by replacing conventional streetlights in, Aligarh and Varanasi, U.P. and Jodhpur and other cities of Rajasthan. The Company is committed to support EESL execute energy conservation projects in many other states across the country.

Mobile Van Promotion – EON launched its Energy Efficiency Promotion Van from its corporate office in Noida. The campaign aimed to create awareness about the energy efficiency products offered by EON and help build a long-term relationship with end customers. The initiative was in line with the Government's vision to promote energy efficiency through the use of energy efficient lighting products like LED Bulbs etc. under the Domestic Efficient Lighting Programme (DELP).

Considering environmental sustainability as a social concern, EON focuses on delivering quality products with the use of energy efficient technologies for the betterment of the environment, thus creating savings for the consumers. With the mobile Van promotion activity, EON aimed not only to increase its brand awareness but also communicate to consumers the new, innovative advantages of using eco-friendly lighting products for the conservation of power, safety of environment thereby ensuring more smiling faces.

I take this opportunity to thank all our Shareholders for their attachment and loyalty to the Company's vision and growth.

I am very optimistic about EON's continued growth in the future and committed to all our stakeholders and to the communities we work in for sustainable, profitable growth with continual community engagement.

Thank you all for your continued support which I gently appreciate and cherish.

With kind and cordial regards,

V.P. Mahendru

MANAGEMENT DISCUSSION & ANALYSIS

COMPANY OVERVIEW

Eon Electric Limited (hereinafter “the Company”) is engaged in the business of manufacturing and marketing of energy efficient lighting & other electrical and electronic products such as LED Lights, Lighting products, Energy Efficient Fans, Water Heaters, Lithium ion batteries, Mobile Phone accessories, Wires & Cables and other allied products.

The Company continues to be committed towards making the best of quality products at affordable prices through technological innovation and up gradation, modernisation, adoption of best practices, global benchmarking, value proposition, and deep commitment to customer satisfaction besides ensuring human as well as environmental safety, thus enhancing the value addition for the investors and for the society as a whole.

ECONOMIC OUTLOOK

Over the last year, we have seen a revival in the Indian economy with macroeconomic indicators now starting to trend favorably. With policy reforms and de-bottlenecking of processes initiated by the government, the global sentiment towards India has improved substantially.

The World Bank, in its report – Global Economic Prospects – 2016, states that for FY 2016-17, India, the dominant economy in the South Asian region, is projected to grow at a faster rate of 7.8%. Economic Survey 2015-16 projects that the real GDP growth for the current financial year and for 2016-17 will be in the range of 7-7.75 per cent. The Central Statistics Office estimates that growth this year will be 7.6 per cent, lower than the 8.1-8.5 per cent projected in the last Survey.

The Union Budget for 2016-17 laid emphasis on nine areas integral to the country's progress; a simpler taxation model, investment in infrastructure, fiscal discipline, ease of doing business, job creation, agriculture, social sector, education and rural sector. Going forward, the Economist Intelligence Unit of India has forecasted the GDP growth to average 7.3% from 2016-17 to 2020-21, driven by growth in employment, an expanding middle class, a gradual shift towards services from the low-yielding agricultural sector and the notably high saving and investments rates.

India's growth rate is climbing. Various investor-friendly initiatives like ‘Make in India’, ‘Digital India’ and ‘Start-up India’ have already started contributing towards the improvement of business scenario in the country. India has once again entered the spotlight. With the government pushing for smart cities, there will be a greater demand for solutions to make homes, commercial complexes, industries and cities smarter and will give a fillip to the manufacturing sector.

At Eon, we are excited about our mission to constantly transform ourselves into a more consumer focused Company. Our journey until now has been challenging and characterized by major initiatives that have taken us from one phase of growth to the next as we lead the way to a vibrant future India.

LIGHTING INDUSTRY

The emphasis on the power sector and its phenomenal growth and distribution laid the foundation for the lighting industry in India. Under the present energy crisis, both industrial and domestic sectors of the market expect better lighting systems to optimize the use of energy. Hence, over conventional lamp, energy saving lamp is preferred now a days by industry. Apart from the energy efficiency, improved illumination, advanced lumen techniques and enhanced aesthetics are the features considered by the industry.

Growing thrust on energy conservation and increasing power tariffs are encouraging use of energy-efficient light sources and systems such as LEDs by all consumer segments.

LEDs- the Light of the future: Today, India deals with challenges of energy deficiency, sustainability, and electrification of remote rural regions. Of the entire energy consumption in India, lighting accounts for 20 percent. A very effective solution to India's lighting challenges that has emerged is Light Emitting Diode (LED). Awareness initiatives and government programs involving support to green technologies and provision for preferential excise rates has encouraged the LED lighting penetration in India.

Street lighting, industrial, and commercial applications are currently driving the LED market growth in India. The National Electronics Policy is bearing fruit, with India expected to witness establishment of LED Fabs and LED products manufacturing in the short term. With technological advancements, reliable product performance, increased competition, and reducing LED pricing, increased market adoption is expected across both indoor and outdoor LED lighting markets. Still, the LED market in India has its share of challenges such as relatively higher pricing, reliance on imports, and limited indigenous manufacturing.

LED Lighting, which accounts for 19% share in the current overall lighting market, is anticipated to reach 62% by the year 2021. India's LED Lighting market is expected to grow at a CAGR of 32.15% in the next 6 years. India's lighting market has been growing with a CAGR of 16.83% for the last 5 years and is projected to grow even in the future due to excellent growth in the LED lighting industry.

The Central and States Governments, the Bureau of Energy Efficiency and the Energy Efficiency Services Limited (EESL), which is a joint venture of the 4 PSUs of the Government of India have launched a massive drive for replacement of the existing Street Lights across the country and lights in public spaces with energy efficient LED based street lights. Besides they have also launched programmes for distribution of Led bulbs to all the households at a heavily subsidized price through the Discoms. EESL and the ministry of power are working hand in hand with industry to bring this transition and ensuring that all government procurement of LED is made in India, helping the industry to move faster. This initiative of the Government for LED based home along with the street lighting will have a great impact in providing our nation with an energy efficient lighting source. The Government has also initiated making all LED specifications. Prime Minister Narendra Modi has described the LED bulb as a "Prakash Path" – "way to light," The growing demand would also give push to 'Make-in-India' initiative and would also help and support Prime Minister Narendra Modi's 'Make in India' campaign as the companies would manufacture locally here.

Keeping in mind the massive rural electrification programme, increased emphasis on conservation of energy by the Government and SEBs through the use of LEDs, and the emergence of strong middle class, a demand explosion both in quantity and types is likely to occur in near future with emphasis on energy saving light sources. The Industry is further expected to achieve high growth in the back of high growth in Housing demands, commercial space and expansion in the overall economy.

CABLES AND WIRE INDUSTRY

The Cables & Wire industry has shown positive trends for the last five years due to the increased activity in power sector, improved industrial climate and industry initiative to explore export markets. This upswing is likely to continue for next few years due to various favourable factors, such as Power Sector reforms, growth in infrastructure sectors and high growth rate of Indian economy. The government has also extended support to this industry as wire and cable industry is de-licensed and eligible for automatic approval for Foreign Direct Investment up to 100 per cent.

The outlook of wires and power cables continue to remain positive on the back of demand expected to be generated as per estimation in various sectors like power, real estate etc. The increased investment in generation, transmission and distribution as planned under XII plan, increase in government spending on the infrastructure and restructuring of SEBs would provide boost to cable consumption. Along with power sector, real estate sector and industrial demand would also provide an upswing to the cable and wires industry in the near future. With growing quality consciousness and awareness for safety, there is a good potential for growth and demand for branded wires and cables in the industry.

The building wiring cables segment comprises the wires and cables required for residential, commercial, hotels, shops and offices. This segment shows growth due to momentum in housing sector. The residential segment contributes a major portion of the demand, followed by shops and offices. The size of building wires and cables is estimated at approx Rs. 6000 crore, with a large segment being local and unorganized.

ELECTRICAL CONSUMER DURABLES INDUSTRY

According to India Fan Market Overview, sales of fan have been growing with a CAGR of 9.13% over last five years. With the housing sector growing at a rapid rate and the disposable incomes at a high rate, the demand for electric fans and other electrical consumer durables is expected to grow at a higher rate. Further, the emphasis of the Government on 'Housing for All' would spur the demand for electrical consumer durables, in the coming years.

LITHIUM ION BATTERIES

India is one of the fastest growing markets for mobile phones and has approximately 300 million handsets being used by mobile subscribers currently. If one assumes the average life span of mobile batteries as 2 years, the size of replacement mobile battery market could be as big as 150 million units a year.

The growth rate of Mobile Phone connections in India is in the range of 25 to 30 percent per year.

There is a big thrust being given by the mobile phone OEMs and other related parties in the Indian market for improved quality batteries. This is primarily because of poor customer experience with the existing products available in the Indian market which is also likely to affect the perceived quality of a mobile hand set in which the bad quality batteries may be used. The consumers are now moving to better quality batteries and the demand for better batteries is increasing fast. The Government too, has put strict regulations on the quality of the Batteries, Chargers and Portable Power Banks to confirm with the specified BIS Standards, which would boost the demand for quality products. Eon's products confirm to the quality standards prescribed by the Bureau of Indian Standards (BIS).

FINANCIAL PERFORMANCE

Financial performance of the Company for the financial year 2015-16 as compared to the previous financial year 2014-15 is furnished in detail in the Directors' Report.

SEGMENT- WISE PERFORMANCE:

Lighting

The Lighting Segment achieved a turnover of Rs.95.78 Crores for the financial year ended 31st March 2016 as against Rs.33.78 Crores for the financial year ended 31st March, 2015. The Company is working on new innovative strategic plans and pursuing new creative opportunities in the areas of advance LED based energy efficient and eco-friendly lighting systems which will further augment the growth of this segment during the coming years.

The Company has got itself empanelled with the Bureau of Indian Standards (BIS) and Energy Efficiency Services Limited (EESL) and has been awarded a contract worth Rs.8.90 Crores for Design, Manufacture, Supply, Testing, Installation (Retrofit), Commissioning, CCMS and 7 years Warranty of LED Streetlights and other related works in Aligarh Nagar Nigam of the State of Uttar Pradesh and contracts of around Rs.80 Crores for the Design, Manufacture, Supply, Testing, Installation (Retrofit), Commissioning and 7 years Warranty of LED Streetlights and other related works in the State of Rajasthan.

The Company has installed over 1 lakh LED Streetlights against these tenders in Aligarh, UP and Rajasthan in a short span of almost 1 year.

Cables & Wires

Our Cables & Wires segment recorded a turnover of Rs.47.51 Crores for the financial year ended 31st March, 2016 as against Rs.63.18 Crores for the financial year ended 31st March, 2015. The operations of the Cables & Wires segment remained under pressure during the financial year 2015-16, due to volatility in the commodities prices.

Our focussed efforts in brand building, awareness creation for acceptance of products and market penetration through a fast growing network of channel partners would help us in improving the sales of this segment during the current year.

Electrical Consumer Durables

The Electrical Consumer Durables achieved a turnover of Rs.21.41 Crores for the financial year ended 31st March, 2016 as against Rs.18.54 crores for the financial year ended 31st March, 2015. The Company has augmented its manufacturing facilities at Haridwar and has started manufacturing energy efficient fans, which have a niche market now.

Others

Other products i.e. Lithium-ion Batteries and Mobile Phone accessories contributed a turnover of Rs.9.96 Crores for the financial year ended 31st March, 2016 as against Rs.13.67 Crores for the financial year ended 31st March, 2015.

OPPORTUNITIES

1. Growth in the Housing Segment

India is a rapidly transforming society. The country's demographic advantage and enhanced investments in infrastructure, manufacturing, education and socio-economic well-being are expected to create new opportunities for growth. It is estimated that by 2022, over 110 million homes will require to be built in urban as well as rural area to house India's rapidly growing population. The Government is bullish on real estate and has passed numerous policy reforms in the sector. All these measures will have a positive impact on growth in the housing sector and as a result, boost housing products.

2. LED Lighting Segment

Growing awareness about the environmental benefits of LED lights and the cost saving that they deliver during their life has spurred demand for these products. Further, the Government's drive to replace existing street lights with their LED counterpart will also increase the overall demand.

Talking about one of the major decision by the Ministry of Power recently on domestic procurement norm by Central Electricity Authority, according to which, any equipment or material for Government-funded power projects will have to be procured locally through domestic competitive bidding.

Eon has been able to capitalize the change in technology in the lighting segment.

3. Focus on Lifestyle products

Over the past two decades, liberalization and globalization has presented people of all ages with more choices in the market place. At the same time, faster economic growth has augmented disposable incomes.

The combination of these two trends has given rise to demand for more aspirational and lifestyle products. Anticipating this, the demand for Electric Consumer Durables, Lithium-ion Batteries and Mobile Phone accessories, is bound to increase in the coming years.

THREATS

Macroeconomic Scenario

Due to the strong linkage between the manufacturing sector and the economy, macroeconomic conditions impact the Company's growth in the short term. Ensuring a diverse presence across all segments of consumers with a bias towards those who have less elastic demand has insulated Eon in times of economic down-cycles.

Competition

Competition, whether domestic or international, is always a challenge and transforming challenges into opportunities has been a practice at Eon.

RISKS & CONCERN

The Company has an elaborate process for Risk Management. The Company's Risk Management Policy is backed by strong internal control systems. The risk management framework consists of policies and procedures designed to provide reasonable assurance that objectives are met by integrating management control into the daily operations, by ensuring compliance with legal requirements and by safeguarding the integrity of the Company's financial reporting and its related disclosures.

Major risks identified by the businesses and functions are systematically addressed through mitigating actions on a continuing basis. These are discussed with both Management and Audit Committee. Some of the risks relate to competitive intensity and cost volatility.

The Company's internal control systems are commensurate with the nature of its business and the size and complexity of its operations. These are routinely tested and certified by Statutory as well as Internal Auditors and cover all offices, factories and key areas of business.

RESEARCH AND DEVELOPMENT

Your Company continues its efforts to integrate the R&D activities with the business needs of the company to offer safe, energy efficient, value added products and services to its customers.

Independent Auditors' Report

To The Members of Eon Electric Ltd.

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of Eon Electric Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2016, and the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies, making judgments and estimates that are reasonable and prudent, and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2016 and its loss and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure I, a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) in our opinion, proper books of account as required by the law have been kept by the Company so far as it appears from our examination of those books;

- (c) the Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
- (d) in our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- (e) on the basis of the written representations received from the Directors as on March 31, 2016 taken on record by the Board of Directors, none of the Directors is disqualified as on March 31, 2016 from being appointed as a Director in terms of Section 164 (2) of the Act;
- (f) with respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure II; and
- (g) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) the Company has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Note 31(a) to the financial statements.
 - (ii) the Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.
 - (iii) there were no amounts which were required to be transferred to Investor Education and Protection Fund by the Company.

Annexure I to Independent Auditors' Report

Referred to in Paragraph 1 under "Report on Other Legal and Regulatory Requirements" section of report of even date on the financial statements for the year ended on March 31, 2016 of **Eon Electric Ltd.**

- (i) (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation of all fixed assets.
- (b) The fixed assets have been physically verified by the management at the year-end. We are informed that no material discrepancies have been noticed by the management on such verification as compared with the record of fixed assets maintained by the Company.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
- (ii) The inventory (excluding stocks with third parties) has been physically verified by the management during the year. In respect of inventories lying with the third parties, these have been substantially confirmed by them. In our opinion frequency of verification is reasonable. The discrepancies noticed on verification between the physical stock and the book records were not material and have been properly dealt with in the books of account.
- (iii) According to the information and explanations given to us and in our opinion, the Company has not granted any loans, secured or unsecured to Companies, Firms, Limited Liability Partnerships or other parties covered in register maintained under section 189 of the Companies Act. Annexure II to the Independent Auditors' Report of even date on the Standalone Financial Statements of Eon Electric Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Eon Electric Ltd.** ("the Company") as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by The Institute of Chartered Accountants of India.

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by The Institute of Chartered Accountants of India and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and those receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Significant Accounting Policies

Company Overview :

Eon Electric Limited is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on the National Stock Exchange of India Limited and Bombay Stock Exchange Limited. The Company is engaged in the manufacturing and selling of Cables and Wires, Energy Efficient LED based Lighting, Fans, Geysers, Lithium-ion Batteries, Mobile phone accessories and other electrical products. The Company's manufacturing facilities are located at Haridwar in Uttarakhand.

Significant Accounting Policies :-

1. Basis of preparation of Financial Statements:-

The financial statements are prepared under the historical cost convention as a going concern on the accrual basis of accounting, in accordance with the generally accepted accounting principles in India (Indian GAAP) and comply with the Accounting Standards notified under The Companies (Accounts) Rules, 2014 to the extent applicable and the provisions of the Companies Act, 2013 as adopted consistently by the Company.

2. Use of Estimates :-

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/materialised.

3. Fixed Assets :-

(a) Tangible Assets

Fixed Assets are accounted at cost of acquisition (net of cenvat availed) inclusive of inward freight, duties, taxes and incidentals related to acquisition and installation including interest on loan taken for the acquisition of assets upto the date of commissioning of assets. Pre-operating expenses for major projects are also capitalised, wherever appropriate. Assets under installation or under construction as at the Balance Sheet date are shown as Capital Work-in-Progress.

The revalued amounts of Fixed Assets are presented in the Balance Sheet by restating the net book value by adding thereon the net increase on account of revaluation.

(b) Intangible Assets

Intangible Assets are stated at cost of acquisition. Costs relating to development of Computer Software are capitalized. Software expenses, other than development costs, are expensed off in the year they are incurred.

4. Depreciation / Amortisation :-

Depreciation on Fixed Assets is provided to the extent of depreciable amount on the Straight Line Method based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013, except in respect of Premium on Leasehold Land and Leasehold Improvements which are amortized over the period of lease term.

Computer Software is amortised over a period of five years.

5. Investments :-

Investments, which are readily realisable and intended to be held for not more than one year from the date on which such investments are made, are classified as Current Investments. All other investments are classified as Non-current Investments.(Long Term Investments).

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current Investments are carried in the financial statements at lower of cost and market/fair value determined on an individual investment basis. Non-current Investments (Long Term Investments) are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

Significant Accounting Policies

6. Inventories :-

Inventories are valued as under :-

- i) Raw Material - At lower of cost determined on FIFO basis and net realisable value.
- ii) Work-in-Progress - At lower of cost and net realisable value.
- iii) Finished Goods - At lower of cost including excise duty and net realizable value.
- iv) Stock-in - Trade - At cost.
- v) Material in Transit - At cost.

7. Transactions in Foreign Currency :-

Transactions denominated in foreign currencies are recorded at the exchange rate prevailing on the date of transaction.

Foreign currency monetary items (including forward contracts) are translated at year end rates. Exchange differences arising on settlement of transactions and translation of monetary items (including forward contracts) are recognized as income or expense in the year in which they arise .

The premium or discount arising at the inception of a forward contract, which are not intended for trading purpose, is amortised as expense or income over the life of the contract.

8. Employee Benefits :-

(a) Short Term Employee Benefits

Short-term employee benefits are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss for the year in which the related service is rendered.

(b) Long Term Employee Benefits

(i) Defined Contribution plan

Provident Fund and Employees' State Insurance schemes

All employees of the Company are entitled to receive benefits under the Provident Fund, which is a defined contribution plan. Both the employees and the employer make monthly contributions to the plan at a predetermined rate (presently 12.0%) of the employees' basic salary and dearness allowance. These contributions are made to the fund administered and managed by the Government of India. In addition, some employees of the Company are covered under the Employees' State Insurance schemes, which are also defined contribution schemes recognized and administered by the Government of India.

The Company's contributions to both these schemes are expensed in the Statement of Profit and Loss. The Company has no further obligations under these plans beyond its monthly contributions.

(ii) Defined benefit plan

Leave Encashment – Liability on account of unavailed earned leave at the year end is provided as per the actuarial valuation according to Projected Unit Credit Method.

Gratuity – Liability on account of Gratuity at the year end is provided as per the actuarial valuation according to the Projected Unit Credit Method.

(iii) Actuarial gains or losses arising from such transactions are charged to revenue in the year in which they arise.

9. Revenue Recognition :-

Sales :

Sale of goods is recognised at the point of despatch of finished goods to customers. Sales are inclusive of excise duty and exclusive of sales tax.

Significant Accounting Policies

Investing and other Activities :

Income on account of interest and other activities is recognized on an accrual basis. Dividends are accounted for when the right to receive the payment is established.

10. Segment Reporting :-

The Company's operating businesses are organized and managed separately according to the nature of products and services provided with each segment representing in strategic business unit that offers different products and serves different markets.

Revenue and expenses are identified to segments on the basis of their relationship to the operating activities of the segment. Revenue and expenses, which relate to the enterprise as a whole and are not allocable to segments on a reasonable basis, are included under "Unallocated Corporate Expenses".

The Company provides its segment information in conformity within the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

11. Earnings Per Share :-

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effect of all potentially dilutive equity shares.

12. Taxation :-

Tax expense comprises both current and deferred tax. Current Tax is measured at the amount expected to be paid to the tax authorities, using the applicable tax rates and tax laws. Deferred tax assets and liabilities are recognized for future tax consequences attributable to the timing difference between taxable income and accounting income that are capable of reversal in one or more subsequent period(s) and are measured using tax rates enacted or substantively enacted as at the Balance Sheet date. Deferred Tax assets are not recognized unless, in the management judgment, there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. The carrying amount of deferred tax is reviewed at each balance sheet date.

13. Impairment of Assets :-

Assets that are subject to amortisation/depreciation are reviewed for impairment whenever events of changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the assets' carrying amount exceeds its recoverable amount. The recoverable amount is the higher of the assets' fair value less costs to sell and value in use.

For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash generating units).

14. Leases :-

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

15. Borrowing Costs:-

Borrowing Costs attributable to acquisition and construction of qualifying assets are capitalised as a part of the cost of such asset upto the date when such assets are ready for intended use. Other Borrowing Costs are charged as an expense in the year in which these are incurred.

16. Pre-operative Expenditure :-

The Expenditure incurred by the Company from the date of setting up of a new unit, up to the date of commencement of commercial production of the unit is treated as Pre-operative expenditure to be capitalised as a part of the indirect cost of construction. The amount of such expenditure is apportioned over the individual assets in an

Significant Accounting Policies

equitable manner in the year of commencement of Commercial Production of the unit. The amounts not directly attributable to fixed assets are charged to the Statement of Profit and Loss in the year in which such expenditure is incurred.

17. Provisions, Contingent Liabilities and Contingent Assets:-

Provisions are recognized when the Company has a present obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Contingent Liabilities are not recognized but are disclosed in the notes. Contingent Assets are neither recognized nor disclosed in the financial statements.

Independent Auditors' Report

To The Members of Eon Electric Ltd.

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Eon Electric Limited (hereinafter referred to as "the Company") and its Joint Venture (the company and its joint venture together referred to as "the Group"), comprising the Consolidated Balance Sheet as at March 31, 2016, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

Management's Responsibility for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of requirements of Companies Act 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the group are responsible for the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the company has in place an adequate internal financial controls system over financial reporting in place and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph (a) of the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion, and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by this Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2016 and their consolidated loss and their consolidated cash flows for the year ended on that date.

Other Matter

- (a) We did not audit the financial statements of Joint Venture whose financial statement reflect total assets of Rs. 1,90,974/- as at 31st March, 2016 as well as the total revenue of Rs. 2,466/- and net loss of Rs.18,197/- for the year ended 31st March,2016, as considered in the Consolidated Financial Statements. These financial statements

have been audited by other auditor whose report have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the joint venture, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid Joint Venture, is based solely on the report of the other auditor.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the reports of the other auditor and the financial statements certified by the Management.

Report on Other Legal and Regulatory Requirements

Annexure I to the Independent Auditors' Report of even date on the Consolidated Financial Statements of Eon Electric Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2016, we have audited the internal financial controls over financial reporting of Eon Electric Limited ("the Company") and its joint venture which is incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Company & its Joint Venture, which is incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by The Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by The Institute of Chartered Accountants of India and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and those receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company and its Joint Venture, which is incorporated in India, has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.
